If needed, fill out the Petition Box after point four with sufficient information such that the approver will be able to fully understand your situation. I respectfully petition the Faculty and/or Administration: Check the petition option that applies (1-4). Generally, only one option per petition is allowed, but an exception is that graduate students may both transfer in graduate courses (option 1) and use them to replace courses in your IPS (option 2) in one petition.

- 1. To transfer in _____ graduate credit hours for the course(s) listed in the petition box after point four below.
2. To replace courses currently listed on my IPS as listed in the petition box after point four below. For options 1 and/or 2, number each course in the petition box, and after each one list the course number on the IPS that it is substituting for, or list it as "elective." E.g., 1) 22401 Greek 1 replaces AL5321. E.g., 2) 1500 Historical Linguistics serves as an elective. Note that you may only transfer in courses from a single institution on one petition. Course Head signature numbers below should correspond to the numbered course in the petition box. I.e., Course Head 2 is approving the petition for course 2). You can also replace a course on your IPS with another DIU course, using only the second option above.
3. To waive the prerequisites for this DIU course _____ which I plan to take in _____ (year & term). based on the (a) course(s) listed in the petition box below (b) reason given in the petition box below. You may only waive prerequisites for one course per petition, and this requires the signature of the Course Head for that course. Explicitly detail the prerequisites you are requesting being waived.
4. Other Petition (detailed in the petition box below; specify year and term for courses you are planning to take)

Petition Box:

Course(s) listed in the petition box above were taken at _____

When substituting a course from another institution for a DIU course on your IPS, or when waiving a DIU prerequisite based on such a course, you may be required to provide a syllabus for that non-DIU course to your advisor or the appropriate course head for inspection of the content covered. Check with your advisor on this.
