

## Thesis Proposal

*NOTE: If you intend to write a thesis, you must first submit a **Petition to Write a Thesis** form to your department head to obtain permission to do so before submitting this form. The petition requires submission of a technical writing sample to your potential thesis committee members so they are convinced that you are capable of academic writing at the Master's level.*

Your thesis proposal is to be approved by all members of your committee before you register for thesis credits. It would be to your benefit to obtain approval early as a guide in your studies and research.

Research involving people as the subject(s) or source(s) of your research may necessitate approval from the *Human Subjects Research Committee* before research commences. This approval should be at the time of your thesis proposal.
